Presentation:

The International Scientific Committee on Earthen Heritage (ICOMOS/ISCEAH) and the Pontificia Universidad Católica del Perú (PUCP) are pleased to announce the International Conference on the Study and Conservation of Architectural Heritage, TERRA 2012. The Ibero-American Seminar on Earthen Architecture and Construction (XII SIACOT) and SismoAdobe 2012 will be held simultaneously, the events will take place from 22 to 27 April 2012 on the campus of the PUCP in Lima, Peru.

Themes

Terra 2012 will focus on Conservation of Earthen Architectural Heritage Against Natural Disasters and Climate Change. The conference themes are:

- Theme 1: American Earthen Architecture at Risk: Earthquakes, Rain and Flood Damage
- Theme 2: World Heritage Earthen Architectural Sites, Natural Disasters and Climate Change
- Theme 3: Conservation and Management of Archaeological Sites
- Theme 4: Conservation and Development of Human Settlements and Cultural Landscapes
- Theme 5: Local and Regional Knowledge, Intangible Heritage and Social Impact
- Theme 6: Research in Materials and Technology for Conservation and Contemporary Architecture
- Theme 7: Ancient/Historic and Innovative Solutions for Damage Prevention and Performance Improvement in the event of Natural Disasters
- Theme 8: Charters, Standards and Guidelines for Conservation of Architectural Heritage and New Construction
- Theme 9: Education, Dissemination and Outreach
