

## 1. PROGRAMS FOR EXCHANGE STUDENTS

Hochschule Ulm is offering two different sorts of programs

### 1.1 Programs for students who speak German

Students who are able to speak and understand German may attend each regular class offered at Hochschule Ulm.

Undergraduate Programs are offered in the following disciplines:	Postgraduate Programs (Master's degree) are offered in the following disciplines:
<ul style="list-style-type: none"> <li>- Computational Science and Engineering</li> <li>- Automotive Electronics</li> <li>- Industrial Electronics</li> <li>- Communications Engineering</li> <li>- Digital Media</li> <li>- Computer Engineering</li> <li>- Documentation and Computer Science in Medicine</li> <li>- Business Information Systems</li> <li>- Health Information Management</li> <li>- Medical Engineering</li> <li>- Mechatronics</li> <li>- Mechanical Engineering</li> <li>- Automotive Engineering</li> <li>- Production Engineering and Organization</li> <li>- Energy Systems</li> <li>- International Energy Economics (Start October 2012)</li> <li>- Industrial Engineering</li> <li>- Industrial Engineering/Logistics</li> <li>-</li> </ul>	<ul style="list-style-type: none"> <li>- Information Systems (offered in English)</li> <li>- Systems Engineering and Management (focussing on Mechanical Engineering, Industrial Engineering or Electrical Engineering Electrical Engineering focus is taught in English - Joint Degree Program with Rose-Hulman Institute of Technology, IN, USA)</li> <li>- Electrical Energy systems and Electromobility</li> <li>- Medical Engineering</li> <li>- Sustainable Energy Competence</li> </ul>

### Academic Calendar

	Winter Semester	Summer Semester
<b>Arrival</b>	If possible beginning of September	Beginning of March
<b>Registration</b>	First two weeks in September	Beginning of March
<b>Beginning of courses</b>	Beginning of October	Middle of March
<b>Holidays</b>	2 weeks in Dec/Jan (Christmas)	2 weeks in May/June (Pentecost)
<b>End of courses</b>	End of January	Middle of July
<b>Exams</b>	Beginning of February	Last 2 weeks of July

## 1.2 Programs for students who do **not** speak German (International Engineering Program - IEP)

Hochschule Ulm is offering **English taught programs** in three different faculties. The International Engineering Programs (IEP) are outside of the traditional academic calendar:

Mechanical Engineering (IMEP)	October - December
Electrical Engineering (IEEP)	April - June
Computer Engineering (ICEP)	April - June

### IEP Calendar

Winter Semester – IMEP course	
<b>Arrival</b>	Beginning of September
<b>Registration and orientation days</b>	Beginning of September
<b>Intensive German Language Course</b> (optional for absolute beginners and students with basic German knowledge)	Last 2 weeks of September
<b>Arrival for students who are not able to arrive in September:</b>	First working day in October
<b>Registration</b>	Second working day in October
<b>IMEP Course dates</b>	4th October – 23rd December
<b>Exams</b>	last 2 weeks before Christmas
<b>Departure</b>	t.b.a. (see web-page)

Summer Semester – IEEP and ICEP course	
<b>Arrival</b>	Beginning of March
<b>Registration and orientation days</b>	Beginning of March
<b>Intensive German Language Course</b> (optional for absolute beginners and students with basic German knowledge)	First 2 weeks of March

<b>Arrival for students who are not able to arrive in March:</b>	First working day in April
<b>Registration</b>	Second working day in April
<b>ICEP and IEEP Course dates</b>	3rd April – 30th June
<b>Pentecost holidays</b>	2 weeks in May/June
<b>Exams</b>	Last week of June
<b>Departure</b>	30th June
<b>Additional project work – 4 weeks</b> (optional) Students are welcome to stay at Hochschule Ulm for an additional month to work on a project in one of the universities laboratories	July 1st -31st

## 2. APPLICATION

**Deadlines for applications are:**

15th May for the following Winter Semester (30th April for Master Program)  
1st December for the following Summer Semester

**Course catalogues:**

For German taught classes:

<http://www.hs-ulm.de/Studium/>

(Select a Degree Course)

For English taught classes:

[www.hs-ulm.de/Internationales/AAA/InternationaleStudierende/InternationalEngineeringProgramme/](http://www.hs-ulm.de/Internationales/AAA/InternationaleStudierende/InternationalEngineeringProgramme/)

**Application forms:**

[www.hs-ulm.de/Internationales/AAA/FormulareDownloads/](http://www.hs-ulm.de/Internationales/AAA/FormulareDownloads/)

Students should hand in:

- Application form - Incomings (including the required annexes)
- Application form language course
- Housing request form

### 3. ACCOMMODATION

After handing in the housing request form together with the application, students will be given a room in a dormitory. Requests can be made, however the placing will be done by the Studentenwerk (Student Services) and changes can not be made. Students should only contact the international office of Hochschule Ulm with questions regarding the housing. We will inform students about their accommodation 3-4 weeks before arrival. By then they will have to sign a contract.

### 4. COSTS

All students have to pay an activity fee of €61,-. Housing costs are €270,- to €360,- per month. For living expenses including health insurance, transportation and food, students should calculate a minimum of €650,- per month.

### 5. GERMAN LANGUAGE COURSES

As an additional part of the course Hochschule Ulm offers German language classes on different levels and an English taught class in "German History". Also many field trips to different companies in the area are organized. To get to know Germany and German culture the International Office organizes excursions, for example to the Oktoberfest in Munich, to the Christmas Market in Nürnberg or to the Neuschwanstein Castle.

The intensive German language pre-semester course is optional. However, all students will have to attend the German language course which runs throughout the semester once a week.

All students should fill in the Application form language course which can be downloaded from [www.hs-ulm.de/Internationales/AAA/FormulareDownloads/](http://www.hs-ulm.de/Internationales/AAA/FormulareDownloads/)

### 6. SERVICE

The International Office is organizing orientation days for international students which they should attend. Activities are registration at Hochschule Ulm and at the city of Ulm, opening bank accounts, campus and city tours, tips on living in Ulm, excursions and others.

### 7. EXCHANGE PROFESSORS

We would be happy to welcome professors from your university for a short term teaching exchange. Professors should send us information about the subjects they are teaching and a proposed time frame for their visit.

## 8. CONTACTS

### Institutional Details

<b>Name of institution</b>	<b>Hochschule Ulm - Technik, Informatik &amp; Medien, Ulm University of Applied Sciences</b>
<b>Address</b>	Prittwitzstrasse 10 89075 Ulm, Germany
<b>ERASMUS ID code</b>	D Ulm02
<b>URL</b>	<a href="http://www.hs-ulm.de">www.hs-ulm.de</a>

<b>Head of Institution</b>	<b>Prof. Dr. Achim Bubenzer</b>
